

Effortlessly Manage your Microsoft 365 & Google Workspace Data

CloudM empowers organisations with tools to migrate, archive and backup their Microsoft 365 and Google Workspace data through frictionless, secure and automated products. Partnering with Deimos means you get the added advantage of expert guidance and end-to-end support, making your cloud journey as smooth and secure as possible.

Why We Recommend CloudM

Effortless Cloud Migration

CloudM simplifies the transition to Google Workspace and Microsoft 365, with tools that securely migrate data, emails, files, and more—ensuring minimal disruption to operations.

Automated User Management

CloudM streamlines user management with automated onboarding, offboarding, and role changes. Maintain security and efficiency with minimal manual intervention.

Advanced Compliance Controls

CloudM provides built-in compliance tools that help you meet industry standards, ensuring your data is handled safely and in line with global privacy regulations.

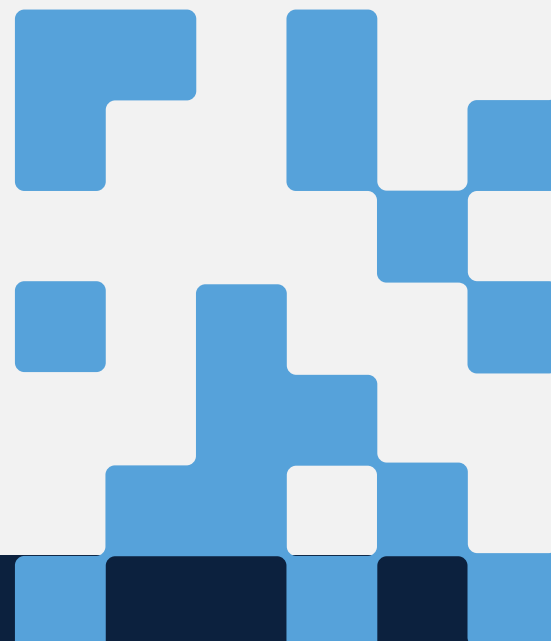

Data Retention & Archiving

Securely archive emails, documents, and files with CloudM's comprehensive data retention solutions, protecting your business's valuable information and supporting continuity.

Simplified IT Management

With CloudM's centralised management, gain full visibility and control over your cloud environment, making it easier to track and manage cloud assets across teams.

Why Partner with Deimos?

CloudM Certified Experts

Deimos brings a certified team with deep knowledge of CloudM's tools, ensuring a seamless integration and optimised usage of the platform.

Comprehensive Support

From initial consultation to deployment and ongoing maintenance, Deimos provides end-to-end support tailored to your specific needs.

Flexible Payment Options

Deimos covers your CloudM expenses upfront, offering you 25 days to settle with billing in ZAR, Naira, KES, XOF, or USD—flexibility that makes financial management easier.

Single Point of Contact

Deimos handles all aspects of CloudM—procurement, licensing, billing, and support—acting as your dedicated partner throughout your cloud journey.

Global Reach, Local Expertise

With offices in South Africa, Nigeria, and the UK, Deimos delivers CloudM expertise across Africa, Europe, and the Middle East, offering local support for global solutions.

What's the Cost of these Value-Adds?

It's FREE. Deimos doesn't charge for hygiene reviews, advice, procurement assistance, billing, or funding/discount requests. CloudM clients also gain access to discounted rates on software engineering, DevSecOps, and cloud management services.

Ready to Get Started?
