Stitch Case Study

Stitch's Seamless Google Enterprise Transition

As a premier Google partner, Deimos secured Stitch a substantial discount on their Google Workspace Enterprise licence. Leveraging engineering excellence, Deimos facilitated a secure transfer, working on the best plan and a comprehensive security and cost-saving exercise.

THE CHALLENGE ⌄

Stitch needed expertise for transitioning to Google Workspace Enterprise. The challenge was to secure data with features like DLP and Vault, optimising day-to-day administration, all at a cost-effective price.

THE SOLUTION ⌄

Deimos seamlessly transferred Stitch to Google Workspace Enterprise, addressing day-to-day administration. The partnership ensured the best plan, incorporating full security measures and cost-saving exercises.

Solution Pillars

- Productivity and collaboration

Products

Google Workspace

THE RESULT ⌄

Stitch now enjoys advanced security features, priority support, and advanced collaboration tools. Google Workspace Enterprise and Deimos enhances data protection, ensures prompt issue resolution, and provides access to cutting-edge collaboration tools.
